

## **ABOUT US**

**M's Pub is in the heart of The Old Market district in downtown Omaha, Ne. Our story started in 1972 and has remained part of history ever since.**

**We were closed for a short while due to an unforeseen fire in January of 2016. We have created the space to almost exactly what it was prior to the tragedy with the help of original designers.**

**Our menu is what sets us apart. We have classic dishes that have become favorites. We have uniquely crafted new dishes that have our customers raving. The wine list is thoughtfully selected. The beer choices are food driven. The seasonal cocktail menu is lively.**

**Our purpose is to offer delicious food in a warm environment provided by a professional staff. The beauty and comfort of M's Pub continuously draws new and repeat customers.**

**Reservations are not required but are recommended.**
